

# We've got your back.

We are offering relief solutions to our valued Hyundai customers

## Deferred Payments On new vehicle purchases

We want to help you worry less in these stressful times.

### 90 days deferred payments

Because we believe in making things better for our customers, we're deferring payments for the first 90 days on select new Hyundai vehicles purchased March 14 through April 30. Please click [here](#) to contact your Hyundai dealership near you.

### Up to 6 months of Payment relief

In 2009, Hyundai launched Hyundai Assurance to help protect owners who lost their jobs. In response to recent events, Hyundai brought it back. So, Hyundai is covering up to six months of payments for Hyundai owners who purchased or leased a Hyundai vehicle between March 14 and April 30, 2020 if they lose their job due to COVID-19 this year. Please click [here](#) to contact your Hyundai dealership near you.

## Global Health Crisis Relief For current customers

### Additional support

If you've been affected by the current Global Health Crisis and need assistance from Hyundai Finance, please contact us at 1-800-523-4030.
